

VERN DAYSEL

SINGER | SONGWRITER | GUITARIST

STORY

“Bone-rattling blues-inflected southern rock that’s insanely intense!..”

Vern Daisel is a multi-instrumentalist from Johannesburg, South Africa. Now living in Florida US he is set to release third album *Call of the Wild* on Dec 23, 2022. Daisel has been a full time musician since 2006 working as a drummer, guitarist and singer.

In 2014 he decided to take the solo route to focus on his unique bluesy, southern rock sound. He released his debut solo album *Shootin’ the Breeze* in 2016 and in 2017 the follow up *Blood of a Wolf*.

He’s received global airplay but notably on Planet Rock Radio, the UK’s biggest rock station. He has also been featured in *Classic Rock Magazine* for his song *Shit Creek*.

It’s been a dream and a goal since he was eighteen to one day move to the US and work as a musician. That dream became a reality in 2019 when he got the opportunity to immigrate to the US where he now resides in Florida.

While under lockdown in 2020 he started recording the first couple of singles for the new album. Those singles laid the foundation for what would become *Call of the Wild*.

When everything opened back up, Daisel quickly found himself performing live six to seven days a week. In-between all the shows, recording and trying to get established in the US, he is finally ready to release his latest album.

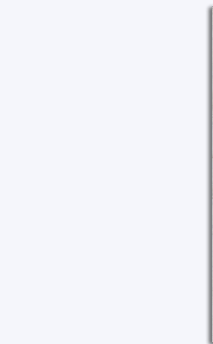

With this new album and the new year on the horizon, 2023 promises to be the best year yet for Vern Daisel.

VERN DAYSEL – “CALL OF THE WILD” – TECHNICAL PROWESS, RAW EMOTION, AND HIGH-QUALITY STUDIO PRODUCTION

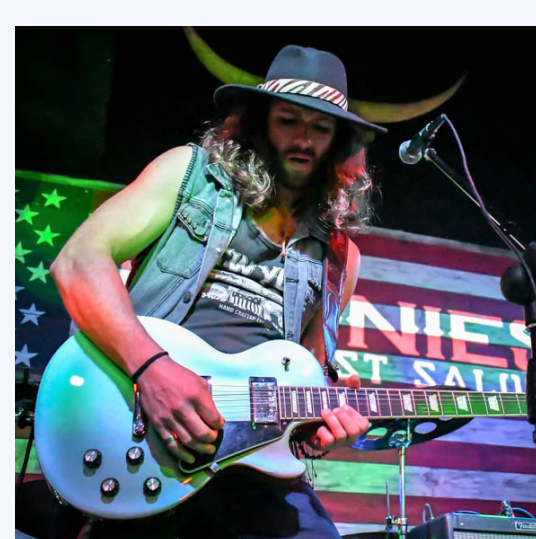

The first things we need to know, is that Vern Daisel is incredible on both vocals and guitar. His voice is soulful, raw and alluring, and his guitar work is fiery, spectacular and explosive. The next, and most important thing you need to know, is that you can witness all this sonic splendor on the album “Call of the Wild”. This is Vern Daisel’s third album and his first solo album since moving to the United States from South Africa. Between immigrating to the US, a relentless gigging schedule and working with other bands, Daisel took four years to finish, what he considers his best piece of work to date.

VERN DAYSEL – “COUGAR” IS AN INVIGORATED EFFORT FROM AN AUTHENTIC SOUNDING ROCKER!

A textbook example of the sum being greater than the whole of its parts, the single “Cougar” by Vern Daisel, far exceeds a cursory retreading of the player’s leaning toward a bluesy southern rock style. Instead, he creates an impressive original that has a sound and feel all of its own. Unsurprisingly, Vern goes heavy on the guitar, but does not depend entirely upon his virtuosity to carry the record. The track is a rock enthusiast’s dream, and the quality of the songwriting elevates the tune to match the level of the instrumental thrills and vocal aggression.
